COMMANDER'S MESSAGE

Cdr Brian Crabbe, AP

As we put the boats up for the year, I've been reflecting on all the great cruises, rendezvous, dinners and time we've had with the club. It really has been a great season. I hope we have a successful non-boating season this year with classes, dinners, planning, and membership efforts. Thank you everyone for all your hard work to make this work!

UPCOMING MEETINGS:

**D29 Fall Conference
October 11 - 13, 2024
Columbus**

EXECUTIVE OFFICER

Lt/C Glen Kubinski, AP

Welcome back to the next edition of the XO report for September 2024. Well, as I said in my last article, the summer is now in our rear-view mirror and slowly drifting away. Did you have fun on your boat this year? I and America's Boating Club sure do hope you did. My wife, your favorite AO, and I sure did! We chose to do a few longer trailering trips this year and, of course, our local home lake, Alum Creek. We made it up to Huron Boat Basin for the summer conference and a few weeks later joined the Toledo Club and motored over to Middle Bass Island and then on to Leamington, Ontario. In August we joined the Columbus Ski Club and did a houseboat trip to Dale Hollow Lake in Tennessee. The ski club is a snow skiing club of which Ruthie and I have been long-time members.

I did have the opportunity to do some water skiing thanks to my good friend, Joe Cohagan. Joe is also a member of our club, and he let an old guy try to push back Father Time. Hey, Joe, the legend lives on! Ruthie and I also did a few days up in Sandusky at Battery Park Marina.

We are hoping to get down to Cumberland Lake with our Columbus Squadron rendezvous. That trip is pretty much the end of the boating season and is always a good trip to finish out the year. Our very own Joe Huffman, who is the trip leader, does a great job of showing us the hidden gems on the lake and picking restaurants to enjoy lunch. Great

way to call it a season. Thanks, Joe!

Well, we do have a few upcoming events that I would like to remind everyone about. The first is the District 29 Fall Conference on the weekend of October 18-19 which will be held right here in Columbus and hosted by our own club. As always, I would suggest that you try to attend and meet other members from our district and see how the club functions. I am sure there will be seminars that also will be beneficial to your boating needs.

The next big event will be our October dinner meeting which, due to scheduling concerns with the restaurant, has a new date of October 10th, the second Thursday of the month. We are trying a new venue this year and heading to Valter's at the Maennerchor which is located in German Village at 976 S. High St. This is the home of the German Singing and Society Club founded in 1848. Please check the GG for additional information.

One last thing, I would like to thank all our members who came out to the Alum Creek picnic earlier this month. We had great weather and a lot of fantastic food. I would like to send out my condolences to the Bob's who need to practice corn hole a little more, so they do not get schooled again next year. Sorry guys!

Well, have a great end to the season these next few weeks. We will see you soon!

LAST HORIZON

Past District Commander Sandra Pick, AP from Port Clinton passed away.

Looking forward to seeing everyone at the upcoming October 10th dinner event at Valter's at the Maennerchor. Please note that the date has been moved back a week from our traditional meeting night. A delicious Rhein Trio buffet is planned for

your enjoyment. I'll be waiting for your text at 614-805-1005 or email at rkubinski62@gmail.com to let me know you plan to join us. Please reply by October 8th!!

MERIT MARKS

Your list of volunteer hours to earn a 2024 Merit Mark must be turned in by November 1st. Please submit it to P/C Bob Van der Wissel at rvanderw@columbus.rr.com as soon as possible. A Merit Mark notebook is also available at the ABC Clubhouse in which you may record your hours. What qualifies? Helping with ABC courses, VSE's, social events, other misc. support to the club, etc. If you're uncertain about what qualifies, contact Bob. Give yourself a pat on the back and get those hours in!

INTERESTING TIDBITS

- ABC of Central Ohio distributed 400 cups with our ABC logo on them at the July 4th parade in Lewis Center.
- P/C Bob Goelz is serving as the District 29 Vessel Safety Chair. He reported the number of VSE's completed so far this year as follows:
Columbus – 185 / Port Clinton – 124 / Sandusky – 154 / Toledo – 73.

In 2022, the Coast Guard amended portable fire extinguisher rules for recreational vessels. The rules do not change the number or types of fire extinguishers required on board but do simplify the inspection and record-keeping requirements.

America's Boating Channel video "[Fire Extinguisher Regulations](#)" offers an overview of the rules that separate commercial and recreational vessel fire protection requirements. It also features tips for preventing onboard fires in the first place. A second video titled "[Fire Extinguisher Standards](#)" offers tips for placing and servicing fire extinguishers. Above all, ensure the proper number of functional fire extinguishers are on board, readily accessible and that everyone knows to pull, aim, squeeze, and sweep.

Invite your friends and neighbors to watch, like and subscribe to America's Boating Channel on YouTube as a fun and educational introduction to what our organization has to offer. These videos and more also are available via the America's Boating Channel free on-demand app on Apple TV, Roku or FireTV.

NAUTICAL DECK QUERY

Originally appeared in the U.S. Coast Guard's *Proceedings* journal.

1. BOTH INLAND & INTERNATIONAL:
The term "power-driven vessel" refers to any vessel:
 - A. With propelling machinery onboard whether in use or not.
 - B. With propelling machinery in use.
 - C. Making way against the current.
 - D. Travelling at a speed greater than that of the current.

For our club instructors the “education season” began on Saturday, September 14, with an **ABC Class** at the club house. The class is a full day with lunch provided. The one-day class allows us to share time together while we help students learn boating information and skills. While each instructor has an area of focus, all are willing to adjust and teach other sections as needed. The energy they bring to teaching and the commitment to ensure that students succeed in the class is energizing. While there is always some joking, the focus is on helping students.

I would like to thank John Seaver, Michael T. Hughes, Matt Murphy, Michael S. Hughes, Doug Jackson, Bob Goelz, Dick Sorensen, and Ralph Newman for the instruction they provided during the class. Their efforts helped every student pass the class and receive a state license. More importantly we have safer boaters going out on the water. All of this would not have been possible without the support of Tracy Garrett who coor-

inated the food and record keeping tasks. Sue Goelz, Mari Seaver, and Mary Rayburn jumped in to help support the day with food delivery and grading tests. When you see or talk with these members, please give them a thank you for helping the club meet an important mission.

You may receive the *GG* before the October 2nd presentation **Boating on Locks, Lakes and Rivers**. This free seminar will be on Zoom and open to members and nonmembers. The seminar introduces boaters to our inland cruising world through varied topics such as special navigation rules for rivers, the Western Rivers System of buoys and markers, river currents, “reading” a river, jetties and wing dams, the intricacies of locking through, and communicating with lock masters and bridge tenders. A “must” for any Ohio River trip.

The **Boat Handling Course** will start on October 9th. Please let anyone that might benefit from learning about the fundamentals of boat handling know about the course. They can register on the web site. Are there any courses or seminars you would like the club to present? We are always looking for ways to support education programs for the membership.

2024 Rendezvous to the Tackle Box Saturday, June 15, 2024

On Saturday, June 15, 2024, we had six boats and nineteen people from the Columbus, Port Clinton, Sandusky, and Toledo Power Squadrons launch boats and make our traditional first cruise of the season to the Tackle Box.

The weather was clear, but a little cool, however Sandusky Bay was smooth and made for a very pleasant cruise to the Sandusky River. As we approached the river, this is where one must pay attention as the water is shallower and the buoys marking the channel are sometimes hard to see.

As we entered and traversed the river, I saw more eagles this year on the river than I have ever seen in the past. We had a smooth and enjoyable ride on the river and as we passed by marinas and homes, several people were either on their docks or cleaning their boats and everyone was eager to wave and seemed happy to enjoy the weather.

We approached the turn-off for the restaurant gathered in a single file, and we all traversed the channel to the restaurant where we docked and

tied off. Everyone was eager to help one another tie off and ensure a safe landing.

When we arrived at the restaurant, the waitresses had several tables pushed together for our group and we had a very good lunch and enjoyed one another’s company and conversation. This is a hot spot for the locals as the place was packed and during the entire time we were there, there were people standing waiting to get a table.

As we left, everyone was helping people get into their boats and helping them get off the docks. We had a leisurely ride back on the river and across Sandusky Bay back to our launch ramp. Upon arriving at the launch ramp, everyone was helping by getting the vehicles and trailers and assisted in loading all boats back on the trailers.

Once again, this was a great rendezvous with great people and there will be no nomination for a “Bungle Jug” award on this trip this year.

Thanks to Phil Osborne for submitting this article.
